Dear Charlie:

References is made to your letter of 16 March 1959 regarding "G" Configuration Termination Inventory.

You are advised the approval is granted to transfer the items listed in the referenced letter from Contract No. HF-32-27 to Contract No. SC-56-42 as Government furnished property.

It is recognized that the above items do not constitute all of the property furnished to the Contractor under Contract No. SC-56-42. There have been numerous transfers from Contract Nos. SC-21-54, HF-20-60 and HF-32-27. Further, Contractor has been authorized to use these items of equipment under Contract No. HF-CT-695 as well as SC-56-42.

In the interests of uniformity and better records, Contractor is requested to prepare a detail listing of all items of equipment furnished as GFP which are being used under Contract Nos. HF-CT-695 and SC-56-42. Upon receipt of the list, the Contracts will be amended to incorporate the listings.

This listing should not include that material or supplies in the Bonded Warehouse which are used as replacement parts or equipment returned for repair. Contractor is expected to maintain a separate listing and stock control of these items for periodic audit and review.

Regards,

SIGNED
